BAREKNUCKLE BULLSEYE

Bareknuckle Bullseye is a five piece rock band from Rockford, IL-- the 9th most dangerous city in America; the 3rd most miserable place to live; the place where Taco Bell was voted the best Mexican restaurant three years in a row. All we want to do is bring Rockford back and save rock music. No big deal, right?

We don't believe every song should sound the same as the one before it, so we approach music with the idea that a good song is more important than trapping ourselves in some kind of preconceived template or genre. Metal? Yes, please. Punk. Yup. Radio rock? Sure. Hell, someday we'll probably write a country song.

So come raise a glass and sing along with us as we perform some dirty mouth to mouth to revive rock music.

BUT WHO HAVE YOU GUYS PLAYED WITH?

Thanks to our eclectic blend of punk, metal, and rock, and our focus on sing-along hooks, we've had the honor of sharing the stage with great bands from numerous genres. Here are a few that we like to brag about:

EEF
ALIEN ENT FERM

HAVING A HEEL

Psychostick

TAPROOT

MUSHROOMHEAD

OK, BUT WE PREFER TO HAVE SPONSORED BANDS

And we prefer COLDCOCK® American Herbal Flavored Whiskey! We were recently among 13 finalists for COLDCOCK'S national Battle of the Bands. We proudly represent them wherever we go. Fair warning-- we usually bring our giant foam whiskey bottle Cocky with us, too. Things can get weird. We are also extremely grateful to have been added recently to DirtBag Clothing's list of sponsored bands. We will proudly "Wear it 'til it stinks", and then some.
